

Shuttle Services for students and staff (University of Malakand)

University of Malakand has a dedicated shuttle service which fulfills the transportation needs of most of the students who commute daily to the University. The timetable for the shuttle service is attached here. To minimize the use of personal cars by staff and students, the university provide a full flag transportation with total number of 12 Uni Buses which make 24 trips round the day to control CO2 emission and other type of pollution.
